Adrian Shield	33904326	Derek Stringfellow	33966455
Ian Want	33966933	Adrian Wilkinson	38223906

## **PRESIDENTS REPORT:**

The month of October has been busy with some enjoyable events starting with the Golf Day where 14 members enjoyed the experience at Birkdale. It is planned to have a repeat game in the New Year. Congratulations to Adrian W on his Birdie!!

Our Club participation at the Cancer Fund Raiser at Palm Lake Resort, Belmont was very successful, taking about \$800.00 for the morning and a good Club turnout of members. This venue is very handy to the Club and we are asked to return with our display next year.

Demos were held this month firstly with Kerry Cameron from Redcliffe showing us all about Routers, secondly our own Adrian Wilkinson with segmented pens and last week Bob Harris from Laidley with his segmented turning. A big thanks to all our demonstrators who were very informative and well received and appreciated. I encourage all members, if possible, to attend these demos as we all learn so much from each one.

The monthly Fun Fest competition was better supported this month and some lovely work was on the table. Congratulations to Laurie and Bob Lynch who were this month's winners

Our tool auction last week was a great success and a big thanks to all those who made this possible.

Keep the wheels turning and the shavings flying.

Eric Cameron  
PRESIDENT

**EDITORIAL**: I'll just let the Club speak for itself this month through the mouthpieces of some who have contact with the Bayside Woodies.

Firstly an anonymous quote from a recently-joined member " **THIS CLUB IS THE BEST THING THAT HAS HAPPENED TO ME**"

And from one of the children participating in the monthly Friday sessions in Woodwork for home-schooled kids.

**Woodwork For Kids**

*Thankyou to all the club members who come and help us at the woodwork kids club and a special thanks to Mr Patch for organising it.*

*There are eleven students aged 8-14 who meet once a month on Friday mornings. At the moment we are learning Pyrography. As we sit at a long table with burners in front of us, we are shown what to do for the day. Moving around the room, there is usually about ten adults from the club helping and encouraging us. The first day we started we each made different marks using the burner on a piece of plywood. Then we got given boards with a picture of a butterfly and gum nuts to burn.*

*Our next project is to make a frame for our work and we have just made a C.D stand. I am grateful for being able to take part in the kids club and looking forward to what else we are going to do next. Thankyou once again.*

*Kind Regards,  
Jasmine (9)*

Then there is the project undertaken by the machinery group to produce 115 dovetailed boxes for sale by the club at display & demos.

Enough said.  
Steve. (Ed)

## **CLUB NOTICES**

- Next Committee Meeting is on Thursday, December 5<sup>th</sup> at 5 pm. All club members are invited to attend in a non-voting capacity.
- Christmas Break-up – Our annual competition where your best pieces for the year can be displayed. Maybe you haven't made your best piece yet. Get cracking! Categories are Turning; Pyrography; Carving; Machinery; Scroll Saw; Other Wooden Projects.  
While on the subject REMEMBER a big part of the fun of the break up is our MONSTER RAFFLE so start bringing in your donations to the cause.
- The club rooms will close on 11 December 2013 and reopen on January 15 2014
- The Pyrography Group will take Bev & Wally to tea as their way of saying thankyou. Well Done again Bev.

## CLUB ACTIVITIES.

### GENERAL:

Wednesdays	Club Show and Tell and Meeting
Last Wednesday	Funfest – Intra-Club Competition
3 <sup>rd</sup> Saturday	Club open for all crafts.

**TURNING:** Wednesday 12 till 3pm      Turning Instruction

**MACHINERY:** 2<sup>nd</sup> Saturday & 3<sup>rd</sup> Thursday 8:30 till 12

**PYROGRAPHY:** Mondays 7pm till 9 pm Instruction and self paced projects

**CARVING :** Tuesdays 6pm till 10 pm.

**SCROLL & ANTARSIA:** 3<sup>rd</sup> Saturday 8:30 till 12:00.

### FUNFEST:

October's comp was well patronised with many entries. They ranged from the beautifully inset wooden hinged boxes of Laurie Gwynne to the complex geared opening boxes of Jim Thallon and Bob Lynch to those who really took on the spirit of "FUNfest" entering a hollowed koppers lod with the lid hinged by a 2 inch nail. Eric reproduced a family heirloom and Bill stretched the definition of hinges with his lid held on with flexible tape. It was good to see so many entries and the discussions of the processes involved was entertaining and informative.

The major winner taking out workmanship and design was Bob Lynch and Laurie's beautifully finished box got best finish.

Best Design/ Best Workmanship – Bob Lynch

Best finish (lovely workmanship too) Laurie Gwynne

There were a host of very good entries but space precludes their inclusion.

### **COMING COMPETITION CATEGORIES.**

#### **Wednesday November 27:**

**Any wooden project based on off-centre, multiple centre, elliptical or ornamental turning.**

**It would be great to end the year's funfests with a repeat of the interest and effort shown in Octobers event.**

## **DEMONSTRATIONS.**

Making his debut, and a successful one it was, this month was "Wilko" (the good-looking Adrian, I believe.) Also known as fisherman, wood-collector, camper and our only "overseas" member, "Wilko" entertained all present with details of his laminated pen-making. Knowing the well-mannered President and Vice-President would not be present and therefore MC for the day would be the immediate past-president, "Wilko" came prepared with his large needle to "stitch him up".

Well, what can I say- well done Adrian!!

It was another great demo for those of us who made it- a bigger miss for those who couldn't make it to the club house on Sat 26th Oct in time.

Once again Adrian came fully prepared as if he's still a "Firey" ready to extinguish ALL SPOT FIRES through commentary at the times appropriate. " NO BAGGING in his neck of the Woods!!" He had us sewn up in stitches!!!& laughs.

One of the most intriguing moments for me was seeing an ingenious clamp Adrian had used to hold his sliced pens to be turned while the glue set. After many frustrating & I dare say failed attempts to hold sliced timber of a 45° cut together. Adrian's final jig was a masterpiece ready for the using.

Great skill & presentation for all I'd managed to see. WELL DONE ADRIAN. (Trent)

Later in the month, Bob Harris came down from Laidley to show us his version of Segmented Turning. Not everything went to plan for Bob, who presented some interesting applications of segmented turning using laminated pieces. We thank Bob for making the effort to travel all the way from his club at Laidley.

### **STILL TO COME THIS YEAR :**

Nov 23                      Theo Haralampou                      "Guinea Pig Day" (Always worth watching)

**The next two pages contain references from Bob Harris' demo on segmented turning.**

------------------------------------------	----------------------------------	-----------------------------------	--------------------

Moved Clara Adams, seconded David Adams that the inwards correspondence be received and outwards endorsed.

General Business:

- After a discussion about the criteria for Life Membership, it was decided to leave this as it is for now.
- Pyrography Group will take Bev Weeks to a thank you dinner on 28.11.2013.
- The Christmas Breakup – Bill is working on the trophies, and awards for the Woodworking display. It was decided to have a similar lunch as last year and ask members to bring a plate of goodies for morning tea.
- The Club will close the shed on 11.12.13 and reopen on 14.01.14.
- It was moved Ian Want seconded Maurie Page that the purchase a new middle size Router for the router table. Ian to purchase this.
- Steve Schuhmacher has reapplied for the grants for the shed extension.

- Bill Sedgwick suggested a change in the Wednesday afternoon shed roster in the New Year. Perhaps each person, with an assistant, does a two month roster to offer continuity of help to members using the lathes.
- It was suggested that next year the chisels in the shed have a universal ground.
- For future auctions held at the Club house all items for sale must be in working order. Also the only buyers and sellers must be members of the Club.

As there was no further business the meeting closed at 6.15pm.

**OH&S:**

Yes, That's ?????????? all safety measures in place – shield, dust mask, safety glasses, tool in hand, ready to turn –“ #&\$\*%&^\$ Hello, Yes This is Bil” AND mobile in hand . ALL safety measures in place. **GOLF DAY :**

**Chivalry at work . “Yes thanks Helen. We’re OK”**

**“ You can do it Peter !!”**

**"Put it on the green Pres"**

**"There IS NO water Laurie"**

Another successful club social function this time thanks to Ian Want and Peter Rush. Thanks also to Birkdale Golf Course and Dave Naylor for lunch.

## **PALM LAKE RESORT RETIREMENT VILLAGE**

A very successful morning was had at Palm Lake Resort, with the Club asked to do demos and display at the village at Belmont. The activities of our demonstrators and the display by combined members as well as Charlie & Edna's display was very well received resulting in >\$800 in sales and an invitation to be part of their fundraiser again next year.

## **MELBOURNE CUP DAY:**

What an enjoyable day ! Morning tea provided by those present (and there was miles too much). Then we moved down under the Camphor Laurel to conduct the various races on the Bayside Woodturners Track. Table two could do no wrong and went home with the millions on offer.. All participants were richer for the experience.

This was followed by a delightful lunch courtesy of Cec and his wonderful wife, Andrea who had been tending the roast since 6:30. After dessert a sweep or two were organized and the BIG RACE silenced the room until Phillip Brittain and Jim Thallon raised the roof when their number crossed the line first. Both

departed in their own cars with slightly less than Gai Waterhouse but just as happy, as were all who attended.

**PUT IT ON YOUR CALENDAR FOR NEXT YEAR.**

**A Delightful Lunch**

**All Eyes On the Big Race.**

**HAPPY WINNERS ALL**

**QUOTABLE QUOTES:**

**Coming together is a beginning; keeping together is progress; working together is success. Henry Ford.**

**I don't measure a man's success by how high he climbs but how high he bounces when he hits bottom.**

George S. Patton

**In everyone's life, at some time, our inner fire goes out. It is then burst into flame by an encounter with another human being. We should all be thankful for those people who rekindle the inner spirit. Albert Schweitzer**

**SHOW AND TELL:**

Sorry about the focus – a screw from one of Mick Watson's screws beside a \$1

John Overend just never ceases to amaze us.

We finally got Bill to show and tell.

Beautiful Piece Laurie

Ed didn't like it but he can't see it. AND the thread was really clean.

Well Done Carla. AND a lesson learnt. Those corners hurt.

**Good choice of timbers Arthur**

**The steady and skilful hand of Jim Butler.**

**THE SKILL OF OUR MEMBERS NEVER CEASES TO AMAZE ME. WHAT ABOUT YOU ??**

### **ON THE LIGHTER SIDE.**

An Irish Priest was driving down the M1 and is stopped for speeding. The copper smells alcohol on the Priest's breath and sees an empty wine bottle on the floor of the car.

He says, "Have you been drinking Sir?"

"Just water," replies the Priest.

The copper asks, "Then why do I smell wine?"

The Priest looks at the bottle and says, "Good Lord, He's done it again."

Paddy was driving down the street in a sweat as he was late for an important meeting. Looking up to Heaven he says, "Lord take pity on me. If you find me a parking space I'll go to mass every Sunday for the rest of my life, and give up drinking."

Miraculously a parking space appears.

Paddy looked up again and said, "Don't worry, I found one."

### **MORE USELESS INFORMATION**

A pregnant goldfish is called a twit.

$111,111,111 \times 111,111,111 = 12,345,678,987,654,321$

The Ramses brand condom is named after the great pharaoh Ramses II who fathered over 160 children.

If NASA sent birds into space they would soon die, they need gravity to swallow.

Dueling is legal in Paraguay as long as both parties are registered blood donors.

The characters Bert and Ernie on Sesame Street were named after Bert the cop and Ernie the taxi driver in Frank Capra's "Its A Wonderful Life"

It was discovered on a space mission that a frog can throw up. The frog throws up its stomach first, so the stomach is dangling out of its mouth. Then the frog uses its forearms to dig out all of the stomach's contents and then swallows the stomach back down again.

Armored knights raised their visors to identify themselves when they rode past their king. This custom has become the modern military salute.

White Out was invented by the mother of Mike Nesmith (Formerly of the Monkees)

Sylvia Miles had the shortest performance ever nominated for an Oscar with "Midnight Cowboy." Her entire role lasted only six minutes.

Charles Lindbergh took only four sandwiches with him on his famous transatlantic flight.

### THIN TIMBER FOR SCROLL SAW WORK AND HOBBIES

We are a small timber firm in Gympie, Qld. Our names are Jeff and Ann Birt and we trade under the name of J & C Thin Timber Supplies. We started the business several years ago when we found it impossible to get thin timber for scroll saw work. Jeffrey has made a lot of clocks, tables etc with his scrollsaw. Tom from The Art Factory in Melbourne started him off with the idea and it just grew from there.

We have several varieties of timber and if we haven't got what you are chasing, we will gladly track it down for you. Any thickness of timber is available from 2mm up to 25mm even 50mm in some types of timber. We mainly have 200mm wide timber but 300mm, even 150mm is available in some species of timber. We are only a phone call away.
